MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: 2003 Federal Energy Awards Program

1. Each year, the Department of Energy (DOE), in conjunction with the Federal Interagency Energy Policy Committee, sponsors the Federal Energy and Water Management Awards to honor organizations who have made significant contributions to the efficient use of energy and water resources in the Federal Government.

2. The 2003 awards program will recognize achievements accomplished in fiscal year 2002 where facilities have been completed and savings have begun to accrue. Future or expected results will not be considered this year. To promote USACE energy savings initiatives and incorporation of renewable energy technologies, MSCs and Districts should consider facilities that meet Showcase requirements. We urge you to identify and designate your very best projects, and submit your showcase nominations. Detailed information on guidance and down loading application forms are at enclosure.

3. Please submit your nominations to HQUSACE POC **NLT 9 May 2003.** Nominations can be submitted by either E-Mail, or hard copy by FedEx to ensure timely delivery to:

HQUSACE
